Applications	Marine/Contract

Though our upholsteries can be used in many applications, customers are responsible for selecting an upholstery with attributes that meet the requirements of the specific end-use application – not all upholstery is suitable for all applications.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

Nautolex® products are easily cleaned. For specific cleaning instructions, see downloads at www.omnova.com/product-types/coated-fabrics-upholstery/brands/nautolex
